What's Happening..

Our first full week!

Thank you to all the families who were able to attend our Commencement evening. It was wonderful to meet all of you.

In the our classroom...

We have been learning about rocks and minerals. We used cookies to make comparisons and help us better understand that rocks are made of many minerals. We are in full swing of our typing program; learning proper hand position and not using one finger typing. For math, we are practicing our skills in writing numbers in three different ways.

Quiz- Igneous Rocks- THURSDAY. Next week, we will introduce the first way that rocks are made by learning about igneous rocks. We will learn how they are formed and learn the name of some examples of different igneous rocks. The quiz will be short. Watch for duo tangs on Monday and Tuesday so they can prepare for the short quiz.

BMV- I have shared with students, they do not need to wait until Friday to tell me their Bible Memory Verse. They can say it anytime during the week.
