## What's Happening:

A big thank you to all those who were able to make it to our Bible presentation assembly. It was an exciting time for all. The students did an excellent job singing their OT books of the Bible song. I will be emailing pictures soon.

In science, we have learned the three types of rocks; making a sedimentary rock model of our own. These will be coming home shortly.

## Coming Up:

**Igneous rock Retest: MONDAY** for those students who will be writing the retest.

The study notes have been sent home.

**Metamorphic Rock Quiz Wednesday**

**Scholastic flyers** will be handed out next week. Orders will be due **Oct. 11**. Please go online to the Scholastic webpage to submit any orders.

**Field Trip:** We will be off to Stonewall Quarry Park on **Oct. 9th**. Please send a bag lunch with a drink. **Each student should have a small zip lock bag for collecting fossils.** This can be included with their lunch. Dress for the weather as we will be outside as well as inside.

Blessings,

Dyana
