Hi Parents!

Wow! December is here already!

In **Math**, we will be starting our subtraction unit. The students likely haven't done much subtraction since last year so we need to practice to get back in shape. Oral questions while the table is being set, dishes, driving to practises and so on are ways that practise can be squeezed in.

Owl Projects- Just a reminder that the project will be completed at school. Students are only to collect materials at home and bring them to school.

Countdown to Christmas- For the month of December, our grade four classes will have something special planned to help us countdown to Christmas break. We will do things that are a little different than our regular schedule. We will have **"Thoughtful Thursdays"** where we will be blessing others around us. We will be mailing cards to Canadian Soldiers and leaving notes of encouragement to our "behind the scenes staff" and office staff. As a class, we will be brainstorming ideas in how we will bless our student body. We will be discussing how our words and actions make an impact in God's Kingdom.

Blessings,
Dyana
