## Highlights from the week!

- ★ We started learning about using Stop Motion. It was fun making a short video about our shoes.
- ★ Using the parachute in gym class after our endurance run!
- ★ We have been working as Writing Ninjas, along with Sigmund Brouwer as we work towards our goal of publishing a writing piece!

This week, we will focus on 10X and 3X.

**Wet Playground:** The playground is a lake right now and kids love puddles! Rubber boots and extra socks/clothes are encouraged. We know that eventually the snow will melt and puddles will disappear, but for now, kids may need a change of clothes in their bag as well for if/when they get wet!

**Board Games:** In preparation for an upcoming SS board game project, I am asking students to bring a board game. I ask that strategy games like Settlers of Catan not be brought in. Games like Trouble, Monopoly, Candyland and Mouse Trap would be great. If you have a game, send them in by **Tuesday**.
